

45cm Wrecking Bar

I-BEAM WRECKING BAR

Durable 450 mm long I-Beam design provides a high strength-to-weight ratio, delivering strong leverage with less weight.

I-Beam Design makes it easier to hold by giving fingers more to grip and helping prevent slipping.

Integrated nail notch and the beveled slot on the sharp claw enable versatile nail removal with high leverage.

Gooseneck profile delivers high leverage while protecting your hands.

Rounded shape improves grip comfort and control across multiple leverage positions, enhancing your range of motion.
