

M18 LAF-O

M18™ LIFT AIR FAN

Variable speed dial for optimal control

Up to 350° horizontal fan head rotation & up to 210° vertical rotation

A quick adjust clamp compatible with both square and round rails, this fan can be mounted securely in seconds in any scissor lifts

It also includes a built in tether point for a tool lanyard for secure attachments

The powerful brushless motor delivers up to 30km/h and 1.274m³/h of airflow, optimized for personal cooling in commercial jobsite environments
3.5 hours on high and up to 8 hours at 75% speed with an M18™ 5,0Ah REDLITHIUM™ battery

Built for versatility this fan features a variable speed dial, 350° horizontal fan head rotation, and 210° vertical tilt, giving you complete control over your airflow direction

Built with an impact resistant design, along with protection against dust and water ingress, it withstands demanding job site conditions

Flexible battery system: works with all MILWAUKEE® M18™ batteries

REDLITHIUM™

Air volume (m³/h)	1.274
Airflow speed (km/h)	30
Mounting	Handle, Clamp
Weight with battery pack (EPTA) 3.5 (M18 B5) (kg)	
Kit included	No batteries supplied, No charger supplied, No kitbox or bag supplied
Article Number	4933499235
