DIN EN 131

Single-section ladder with steps

HAILO A60 – the lightweight and sturdy aluminium lean-to ladder with wide steps for ergonomic, comfortable and safe working.

PRODUCT FEATURES

- High stability with low weight
- Ergonomic rail design with a comfortable grip
- Feet easy to change
- Wide, non-slip steps for safe ascent and comfortable standing, even for prolonged work sessions
- Rail geometry protects step/rail connections from damage during transportation
- Suitable for use as a workspace in compliance with TRBS 2121-2 (German technical rules for operational safety)
- Broader spacing between the rails for greater freedom of movement
- Large, non-slip 2-component plastic feet
- Tested to DIN EN 131
- Shin-friendly rounded front step edges
- Wide crosspiece with non-slip, large-surface plastic feet for particularly high stability (from 12 steps)
- Supports loads of up to 150 kg
- Sturdy step/rail connections
- Anodised steps and rail profiles for elevated weather resistance and easy cleaning
- Large wall contact area with non-slip surface
