

## CONTOUR SANDER™

The Arbortech Contour Sander™ is a revolutionary tool for sanding deep profiles, contours and detail work. Areas that previously could only be sanded by hand can now be finished rapidly.

The random orbital sanding action combined with the patented flexible backing pad creates a perfect finish without scars, scratches or blemishes. The sanding discs are heavy duty, non-adhesive discs that are attached using the supplied plastic flange.

- Sanding **deep internal profiles**
- Finishing **bowls and free formed shapes**
- **Detail** sanding and **spot** sanding
- **Does not burn or dig in at edges**
- **Light** or **aggressive** sanding
- Attaches to standard 115mm (4 ½") and 125mm (5") angle grinders
- Works best with **Power Carving Unit™**
